

Bonnie Doon Campus Park Site Development Plan

The City of Edmonton recently conducted surveys to explore the current use and future development of the Bonnie Doon Campus Park Site, located on the southeast corner of 90 Avenue and 83 Street in Idylwyld.

Survey results show support from residents and stakeholders for a twin arena and fieldhouse on the site.

Based on the survey results, the City of Edmonton is drafting Concept Plans for public viewing at an open house in April to gather feedback from residents and stakeholders. The open house date has not been set.
